FOR IMMEDIATE RELEASE

Taste the chemistry at The Ancient Olive of St. Augustine

St. Augustine, FL The Ancient Olive opened in St. Augustine two years ago and is owned by Jeffrey Schrader and Bryan Behling. There are currently three other Ancient Olive locations in Florida, Winter Park, Delray Beach and The Villages.

The Ancient Olive offers customers the unforgettable experience of a gourmet tasting room. The store specializes in ultra premium extra virgin olive oils and high quality balsamic vinegars.

The olive oils are imported from Australia, Tunisia, Greece, Spain and Italy and are the freshest that can be purchased. The Ancient Olive offers single varietal oils that are 100% extra virgin olive oil with no chemical heat extraction, or additives. Also offered in the store are a variety of flavor infused olive oils. The flavorings used are natural, plant-derived ingredients. The Ancient Olive offers more than 15 flavor infused olive oils.

All balsamic vinegars are imported from Modena, Italy and aged up to 18 years. The balsamic vinegars are oak barrel-aged, making them the highest quality. The store offers over 30 flavors of balsamic vinegars.

“We take pride in our store and that is something customers can see when they walk through the door. Any of our employees are more than willing to walk you through the flavors and will encourage you to taste a variety of the olive oils and balsamic vinegars. The Ancient Olive leaves every customer with an amazing experience and taste they will never forget,” Pamela Ilaria, store manager of The Ancient Olive, said.

The Ancient Olive also seconds as an art gallery, boasting original art pieces from both local and internationally recognized artists. The store also offers an assortment of fine sustainable kitchenware products, gourmet sauces and pastas and an eclectic variety of mustards, ketchups and spreads.

Visit the website at www.theancientolive.com and make sure to like The Ancient Olive on Facebook at www.facebook.com/TheAncientOliveofStAugustine. Come in and taste the chemistry at The Ancient Olive of St. Augustine!
